A motion was made by Commissioner Garofalo, seconded by Commissioner Gerkens, to approve the request to use Hudson Avenue beach to Debbi Meyer for fitness classes/personal training on Tuesdays & Thursdays at 8:00am through the 2018 summer season.

PRIVILEGE OF THE FLOOR –
Bruce Shapiro from the NJ Realtors Association spoke on behalf of the many realtors in attendance. He asked the Board to consider changing the ordinance regarding placement of Open House real estate signs. He offered copies Open House Facts and ordinances from other towns to review. After a discussion of the pros and cons of the placement of Open House and Directional signs, and the history of the current ordinance, the Board agreed to consider changes to the ordinance with limitations to the time, size and location of placement.

Jim Loudon, on behalf of the Taxpayers Association asked and discussed with the Board the following:
- Placement of beach walkover mats – the Mayor said hard pack will be installed by the beach project contractors; mats were not installed because the project should have been completed by now; DPW has been instructed to install mats on the north end in areas that had them last year and also on the south end.
- Mats on vehicle access crossovers – the Mayor stated there will be design changes to the width of all public accesses and will also consider the vehicle accesses.
- Shuttle donation – now that there is a shuttle fee, will the town still be donating? The Mayor stated he was told an accounting will be done at the end of the season; he said it was not our intent to pay the $10k forever, it should pay for itself; at this point the Township is paying the lion’s share. The Mayor instructed the Clerk to get this year’s accounting prior to donating the $10k.
- Is there a maintenance code to remove dead pine trees? The Mayor stated the County removed some along the Boulevard; there is not a maintenance code for dead trees.
- Will pickleball courts be built as discussed last year? The Board responded the funding was not available in the budget this year; other projects such as the beach project took priority, but it will be revisited next year.

Mark and Lisa Lazar asked for regulations to be created regarding security cameras. Mr. Lazar stated he has a problem with the proliferation of cameras all over people’s houses. He understands cameras being on traffic lights for police and security, but why are they allowed to be put and point anywhere without restrictions or inspections; most are wireless cameras that can be hacked. Chief Burnaford said he spoke with Mrs. Lazar regarding this issue and stated there is no law preventing people having security cameras on their house, there is nothing to enforce, and not much police can do. The Mayor suggested it could be a civil
issue between neighbors, but asked the Chief to look further into the law.

Wendy McBrair wanted to follow up on the past meetings regarding the signage on Block 1 Lot 1. The Mayor stated he asked the owner to change the signs to be more attractive; the owner said he was not going to do that, but if the neighbors wanted to make them look nicer that would be fine as long as certain wording remained. A brief discussion amongst the public took place regarding the history of the property.

Susan Carril stated she spoke with the Taxpayers Association President Mike Songer (regarding Block 1 Lot 1) and asked the Mayor if he has reached out to him. The Mayor has not spoken to him, but will be with him on the 24th for a school meeting. Ms. Carril stated Mr. Songer was very supportive of any process the Borough needed to take over the property. Bob Danna, on behalf of the Association, stated that he believes the Association is supportive of the homeowners to basically form an association to purchase the property, they are not supportive of the town purchasing it only because it is uncertain what advantage it serves to the entire town. A brief discussion amongst the public took place; a suggestion was made that if the entire island uses the property, perhaps the whole island should purchase it. Commissioner Gerkens stated it would be a valid (Harvey Cedars) purchase with Open Space funds from a willing seller, it is the only wetlands left and it is a living shoreline.

David Deakyne stated Woods Island should be saved; the Mayor stated he is working on it. Mr. Deakyne said that because of the beach project taking place during the season, he asked if relief could be given to parking regulations for those who can’t use their beach and need to park on another street. The Chief did not have a problem with the relief. The Mayor asked the Chief to remind him to have the contractor shuttle employees to the beach worksite in order to have more parking on streets.

**Motion** to adjourn: Commissioner Gerkens
    Second: Commissioner Garofalo

Meeting adjourned at 5:25pm.

Finding #2017-1

Borough Bank Reconciliations need to be performed timely.

Recommendation:

In order to improve controls, it is recommended that the Bank Reconciliations are performed monthly.

Explanation and Corrective Action:  The finance office is usually staffed by the CFO and a part time assistant. In March of 2017, the assistant had a heart attack and was out for a month. Upon her return she worked sporadically and eventually quit with no notice. It was some time before another person was hired which caused the CFO to have to perform all of those functions plus those of the assistant for some time. The Current Fund bank reconciliation fell behind and was not caught up until later in the year. The bank reconciliations are being kept current now.

Implementation Date:  Immediately
