### **TOPICS OF INTEREST / COMMISSIONER REPORTS –**

Commissioner Rice stated that we are very close to finishing up on the preparation of the budget. The water budget still needs some further review. A small increase in taxes are anticipated as costs and expenses for nearly everything are rising. Rice explained that on the borough end of taxation, property owners should expect an increase of approximately Seventy (\$70.00) Dollars per every One-Million (\$1,000,000.00) Dollar assessment.

Commissioner Gieger stated that the new municipal parking lot on 80<sup>th</sup> Street is in the process of getting some landscaping, including trees to buffer the lot from residential adjoining properties. Clamshells are also being laid down on the lots' surface. Three-hour parking signs are on order for the lots.

Commissioner Gieger gave an update on progress of the Streetscape Project, stating that Phase 1 is on target with an April 1<sup>st</sup> finish date. Phase 2 should roll right out after Phase 1 is finished up. Gieger continued by listing the following items as pending projects in his department; improvements to the pickleball court, a new lighting plan for the park, bathroom revocations in Sunset Park, new workout equipment for the park being installed, landscaping along and a new dedicated location for turtle nesting in Sunset Park. Gieger stated that progress reports will be posted in the monthly newsletter.

Mayor Imperiale thanked Bob Budlow for his collaboration with Harvey Cedars business owners to promote the idea of business owners potentially forming an independent Harvey Cedars Business Group.

Mayor Imperiale asked Kim DiDonato, who was present along with a small group to introduce herself and the group. Ms. DiDonato introduced herself, her husband, and her business partners as the new owners of soon to open Azzuri Restaurant. Azzuri will open on the northeast corner of Long Beach Blvd and 80<sup>th</sup> Street where Neptune Grill and the Oasis had previously had been located.

Kim DiDonato stated that they are really excited to be opening a new business in town as they also have a home in Harvey Cedars. She'd like to organize town wide food festivals such as a Tomato Fest, as a way to help raise money for the Fire Company and local organizations.

Mayor Imperiale thanked Bill Montag and Michelle Homberg of Public Works for their role at a recent meeting with Congressman Van Drew. Imperiale stated that the meeting went very well, and that the town will be seeking various grant opportunities for needed improvements throughout Harvey Cedars.

Commissioner Gieger mentioned that the goal for the long term is to extend the Streetscape Project throughout the entire town.

PRIVILEGE OF THE FLOOR –

Fred Schragger, E Salem Ave. resident stated that he would like to understand the spending of funds for the Streetscape Project better. Schragger continued by breaking down borough project costs and stating that Streetscape costs currently sum up to \$710,000.00 including costs partially covered by grants.

Commissioner Rice explained that the Project has been modified since its original proposal, partly due to the rising costs of materials since COVID. The project has been split into smaller portions so that the financial burden of the borough is lessened. We hope additional grants will help fund the continuation of the project. The initial expenses include surveying and engineering costs.

Stanley Lerman of West 84<sup>th</sup> Street asked about the height of the new curbing installed as part of the Streetscape Project. Commissioner Gieger answered that the height of the one and one-half inch curb design was intentional so that cars can drive into business parking lots and so that other businesses can continue to use their existing parking spots along the boulevard. Commissioner Rice added that the low curb will also serve as a safety benefit for bicyclists, providing them with the ability to use the sidewalk in heavy traffic.

Sue Kramer, 80<sup>th</sup> Street resident commented that she really likes the way the Streetscape Project looks. Sue also asked about the intended use for the new 80<sup>th</sup> Street municipal parking lot, further explaining that it could be a problem if people were using the lot for beach parking and making 80<sup>th</sup> Street even crazier in traffic than it already is.

Mayor Imperiale stated that parking in the municipal lot will be limited to three-hour parking. Adjustments will be made if issues arise. The parking will be for all public use, but it will be limited to three hours within reasonable limits.

Fred Schragger asked what the violation fee would be for people who were in violation of the three-hour parking limit. Mayor Imperiale answered that the police will monitor the situation and make determinations on a per case basis.

Arlene Schragger, E Salem Ave. asked for updates on beach replenishments. Mayor Imperiale stated that we are still waiting on word of a start date. We would love to have the replenishment sooner than later. “We’re currently working on measures to access the beach during the summer months”, stated Imperiale.

Kim DiDonato asked about the goose situation in Sunset Park. Commissioner Gieger answered that we are trying several measures to try to get the geese out of the park before they start to establish nesting sites. We’re also looking at vacuum systems to clean up goose droppings.

Mayor Imperiale again thanked the borough staff for all of their hard work in getting things rolling with newly implemented measures and improvement to Harvey Cedars. “All of the departments, from the Finance Office, Public Works and every department in-between, the staff has been working hard to get all of these projects going and I want to recognize them for their efforts”, stated Imperiale.
